

TOTO®

Introducing the Clean Dry™ Hand Dryer by TOTO

- ADA-compliant, high-speed hand dryer
- Hands-free, sensor-operated and hygienic
- Innovative, air wicking technology effectively dries in 5 - 7 seconds
- Uses 1/4 less energy than traditional electronic hand dryers

TOTO's Clean Dry hand dryers are ADA-compliant and offer high-speed air for an effective, economical solution. Infrared sensor-operated, Clean Dry offers innovative air wicking technology that completely dries the user's hands in under 12 seconds. This performance reduces energy use by 25% over traditional electronic hand dryers that sometimes fail to dry hands completely. Further, Clean Dry dryers are extremely quiet during operation with a low decibel rating between 58-62 dB.

Clean Dry also features washable filters that may be reused and help keep the room's air fresh. Drain trays collect the water dripping from hands to prevent watermarks or slick spots on the floor, and the products also have special hardware to prevent vandals from removing or damaging the units.

		
Specifications	HDR100#GY Exposed Clean Dry™ Hand Dryer	HDR110#SS Concealed Clean Dry™ Hand Dryer
Power Rating	120V AC, 4.25 Amps, 60 Hz, 510 W	
Power Connection	Hardwiring
