ICON GUIDE

TOILET & LAVATORY

1G

Using only 1 gallon per flush, 1G toilets provide the most efficient flush in the industry.

DYNAMAX™ TORNADO FLUSH®

Uses 100% of water to clean and rinse the bowl using a smaller amount of water more efficiently with a 2.5” trapway and quieter flush. Available in 1.0/.9 GPF or 1.28/.8 GPF.

TORNADO FLUSH®

A state-of-the-art, hole-free rim design that offers dual-nozzle bowl cleansing, creating a centrifugal rinsing action that cleans the bowl more efficiently.

3D TORNADO FLUSH®

Three powerful nozzles create a powerful centrifugal rinsing action and combines it with the conservation of 0.9 or 1.28 GPF.

DUAL-MAX®

A dual flushing system that optimizes conservation by selecting the preferred flush volume.

E-MAX®

High performance, high-efficiency flushing technology using only 1.28 GPF with a 3” wide flush valve, large trapway, and extra-large siphon jet.

G-MAX®

A reliable flushing technology with 3” wide flush valve, large trapway, and extra-large siphon jet.

CEFIONTECT®

Ultra-smooth ceramic glaze leaves nowhere for waste to cling.

UNIVERSAL HEIGHT

Toilet height that allows for a more comfortable height position across a wide range of users.

SKIRTED DESIGN

The trapway is concealed by smooth porcelain, making the toilet easier to clean.

LINEARCERAM™

Material used for lavatories that achieves an extremely thin design yet two times as strong as standard fireclay.

LUMINIST®

An epoxy resin material that combines the translucence of glass with exceptional impact and heat resistance.

WASHLET

An electronic bidet seat featuring adjustable warm water cleansing, heated seat, dryer, deodorizer and much more.

WASHLET®+

WASHLET and toilet set with a concealed connection that is specially designed for a seamless installation.

Actilight

Special glaze combined with ultraviolet light work together to break down waste in the toilet bowl.

EWATER+®

Mists the bowl with electrolyzed water, a proven disinfectant, keeping the wand and toilet bowl clean to reduce the need for harsh chemicals.

PREMIST

Using the incoming water supply, PREMIST sprays the toilet bowl surface aiding in the elimination of waste approximately 80 percent better than a dry bowl.
**GENERAL FEATURES**

**AUTO FUNCTIONS**
Product featuring an integrated, automatic, sensor activated function.

**ADA**
Product complies with Americans with Disabilities Act guidelines.

**WATERSENSE**
Product that meets EPA standards for water efficiency and performance criteria.

**CEC**
Product meets California Energy Commission requirements.

**CALGreen**
Product meets CalGreen Water Regulations for new construction and permitted remodel.

**DESIGN AWARDS**

**red dot award**

**IF AWARD**
The IF DESIGN AWARD has long become a symbol for excellent form, for aesthetic quality, and for user-focused, ergonomic and efficient design in all disciplines, by companies around the world.

**GOOD DESIGN**
The Good Design Awards is the world’s oldest and most important industrial design program organized annually by the Chicago Athenaeum Museum. Awarded to our toilets with 1.28 GPF and below and automatic faucets with 0.35 GPM and below.
Every moment of every day, enjoy the cleanliness and comforts of Life Anew.

Constantly at work, automated technologies keep surfaces hygienic and maintain a place that is inviting and comfortable to use.
Cycle of Cleanliness and Comfort

- **Soft Light “On”**
- **Auto Open Lid**
- **Heated Seat “On”**
- **Premist**
- **Auto Flush**
- **Ewater+ (Bowl & Wand)**
- **Self-Cleaning Wand**
- **Deodorizer**
- **Auto Close Lid**
- **Heated Seat “Off”**
- **Soft Light “Off”**
NEOREST transforms the contemporary bathroom into a relaxing and refreshing escape.
PREVENT TOILET RESIDUE AND CLEAN AUTOMATICALLY.

TOTO’s cleaning technology prevents waste and build up, leaving the bowl automatically clean.

**PREMIST**

PREMIST sprays the bowl surface aiding in the elimination of waste better than a dry bowl.

**CEFIONTECT®**

Ultra-smooth ceramic glaze leaves nowhere for waste to cling.

**EWATER+®**

Mists the bowl with electrolyzed water.

www.totousa.com
1 GALLON TECHNOLOGY (1.0 GPF)

Reduces water use by 35% or more on average over a standard 1.6 gpf toilet.

MERGING UNIQUE TECHNOLOGY AND DESIGN, MAKES IT EVEN EASIER TO CLEAN.

RIMLESS

TOTO'S UNIQUE RIMLESS BOWL DESIGN.

The unique rimless design not only leaves no place for waste and germs to hide, it also makes it much easier to clean the toilet.

TORNOADO FLUSH®

360° CLEANING POWER REACHES EVERY SPOT USING LESS WATER.

A state-of-the-art, hole-free rim design that offers dual-nozzle bowl cleansing, creating a centrifugal rinsing action that cleans the bowl more efficiently.

www.totousa.com
ACTILIGHT®

Photocatalytic glaze, the ultimate cleaning technology, has the natural power to decompose waste.
ACTILIGHT® elevates toilet cleaning to an extraordinary new dimension. With ultraviolet light and a titanium dioxide-fired toilet bowl, this extraordinary technology initiates a photocatalytic process that breaks down even microscopic waste particles.

State-of-the-art materials

Titanium dioxide attracts water to the surface of the toilet bowl, setting the stage for photocatalysis. The toilet bowl’s photocatalytic glaze also contains zirconium oxide, which provides its extreme durability.

Operates 24 hours a day to maintain hygienic conditions

The photocatalytic process with UV light and titanium dioxide produces activated oxygen from the ambient oxygen and water molecules, which further breaks down organic waste and reduces the food source that microbes feed on.

PREMIST, a fine mist of water, is sprayed inside the toilet.

Since waste is less able to adhere to a wet surface, it is more easily washed away.

Automatic flushing, then spraying of EWATER+

The UV light continues to react with the titanium dioxide, decomposing waste on the toilet bowl.

Before use → During use → After use → During standby
**SoftClose® LID**
The SoftClose lid automatically closes gently to eliminate seat slamming.

**HEATED SEAT**
The contoured seat has five temperature settings for maximum comfort.

**SELF-CLEANING WAND**
The self-cleaning function cleans the entire wand with EWATER+ before and after each use.

**PREMIST**
Using the incoming water supply, PREMIST wets the toilet bowl surface aiding in the elimination of waste approximately 80% better than a dry bowl.

**EWATER+®**
After each use, EWATER+ sprays the bowl with electrolyzed water, reducing the need for harsh cleaning chemicals.

**DRYER**
Enjoy the ease and comfort of drying with the temperature-adjustable warm-air dryer.

**ACTILIGHT®**
Uses a special photocatalytic glaze and an ultraviolet light inside the lid to get rid of both visible and invisible waste. Available on NEOREST models NX2, AC, and 750H.

**AUTOMATIC DEODORIZER**
The deodorizer cleans the air around the toilet using powerful filters. Air is drawn in, passing through an ionized carbon filter to eliminate unpleasant odors.

NX2
MS901CUMFX (With Actilight)

• ACTILIGHT® UV light cleaning system built in lid (NEOREST NX2 only)
• TORNADO FLUSH® system, ultra-high efficiency
• Dual flush function (1.0 GPF/3.8 LPF and 0.8 GPF/3.0 LPF)
• CEFIONTECT® ceramic glaze minimizes debris and mold from sticking to porous, ceramic surfaces
• WASHLET® with three wash modes (front, rear, soft)
• Skirted Design – Concealed trapway for easy cleaning
• Auto open/close lid, auto flush
• EWATER+® - Electrolyzed water that sanitizes toilet bowl and wand
• PREMIST of bowl before each use
• Universal Height
• ADA compliant
• Meets WaterSense efficiency and performance standards

INTERFACE OF THE REMOTE CONTROL IS SUBJECT TO CHANGE.
WASHLET® is an electronic bidet seat that cleanses you with warm water and provides an exceptionally clean feeling. With the touch of a button, the self-cleaning wand extends from under the seat to deliver soothing warm water. The wand is fully adjustable, allowing users to set the precise temperature and spray type.

Instead of traditional toilet paper that can sometimes be rough, WASHLET quickly provides comfortable warm water cleansing, heated seat, PREMIST, dryer, and automated technology.

A once mundane trip to the bathroom can become a spa-like experience with WASHLET.
TOTO WASHLET
CLEANSING FUNCTIONS
CLEANSING FUNCTIONS
WITH THE TOUCH OF A BUTTON, A WAND EXTENDS FROM UNDER THE SEAT FOR SOOTHING WARM-WATER CLEANSING.

How WASHLET® works

AIR-IN WONDER-WAVE technology is the precise, pleasant, air rich stream that keeps you clean. As water is fired at different speeds, small droplets collide with larger ones, combining and expanding as the droplets fill with more air. The injection of air enlarges water droplets by around 30%.

Select the type of cleansing you desire each time.

REAR SPRAY
The rear spray is designed to clean the rear intimate area. It features pleasant, yet strong water pressure to target this specific area.

REAR SOFT SPRAY
It has a larger radius to cover more area. Lower water pressure makes for a soft, comfortable spray.

FRONT SPRAY
The front wash consists of large, soft drops for comfortable intimate cleansing - for a clean, fresh feeling.

WIDE FRONT SPRAY
It has a larger radius to cover more area. Lower water pressure makes for a soft, comfortable spray.

S550e & S500e Remote Control

WASHLET® TECHNOLOGIES
For greater performance and hygiene in the bathroom.

This thorough cleaning occurs inside the wand as well as all around the exterior. Even when the toilet is not being used, the wand periodically cleans itself to ensure constant hygienic conditions.

Using the incoming water supply, PREMIST wets the toilet bowl surface aiding in the elimination of waste approximately 80 percent better than a dry bowl.

*Not available on A200 and A100

Highly effective deodorizing automatically takes places inside the toilet bowl both during and immediately after use, leaving no disturbing odors.

*Not available on A200 and A100
The toilet seat immediately warms when the toilet is approached, ensuring a warm comfortable seat any time.

Eliminating the need to touch the toilet surfaces, the lid automatically opens and closes when the toilet is approached and departed.

Enjoy the ease and comfort of drying with the temperature-adjustable warm-air dryer.

*S550e and S350e only

*Not available on A200 and A100

CLEAN SYNERGY

CEFIONTECT

EWATER+

TORNADO FLUSH

washlet®+

TOILET TECHNOLOGIES
CLEAN SYNERGY
YOUR TOILET APPEARS CLEAN EVERY TIME

Synergy is created when the whole is greater than the sum of its parts. TOTO creates clean synergy by combining toilet technologies that work together in harmony to deliver comfort and cleanliness that is unparalleled.

The new series of WASHLET+ features TOTO technologies to create a clean standard for everyday living.
EWATER+ cleans the wand and toilet bowl where waste and build up tend to accumulate and create stains that can become permanent.

Using no chemicals or cleaning agents, EWATER+ provides peace of mind every day that microscopic build up has no place to hide.

**What is EWATER+?**

<table>
<thead>
<tr>
<th>Tap water</th>
<th>Electrolysis</th>
<th>EWATER+</th>
<th>Time passes</th>
<th>Returns to ordinary water</th>
</tr>
</thead>
<tbody>
<tr>
<td>Chloride ion</td>
<td>→</td>
<td>→</td>
<td>→</td>
<td>→</td>
</tr>
</tbody>
</table>
CEFIONTECT®
ULTRA-SMOOTH CERAMIC GLAZE LEAVES NOWHERE FOR WASTE TO CLING.

Its microscopic surface ridges are far smaller than waste particles, leaving no place for waste to gain a foothold. Extremely durable, CEFIONTECT is designed for enduring beauty and cleanliness.

Eliminating the microscopic gaps where waste hides

Conventional ceramic may appear perfectly smooth to the eyes, but has gaps where waste and other build up hide. At just one millionth of a millimeter, CEFIONTECT’s surface ridges are much tinier than waste particles.
DYNAMAX™ TORNADO FLUSH®
USES 100% OF WATER TO CLEAN AND RINSE BOWL.

DYNAMAX combines powerful bowl cleaning and waste evacuation using water that is 100% projected from the rim creating 360° cleaning power.

Using only 1.0/0.8 or 1.28/0.8 gallons per flush, coupled with a 25% larger trapway diameter, this high-efficiency system uses 20% less water with improved performance while also creating a quieter flush. With a modern rimless design, it performs more consistently and is easy to clean.
TORNADO FLUSH®
360° CLEANING POWER REACHES EVERY SPOT USING LESS WATER.

TORNADO FLUSH not only cleans more effectively, it does so quietly using less water. Powerful streams of water merge and swirl 360 degrees, washing every spot inside the RIMLESS toilet bowl.

THOROUGHLY WASHES WHERE WASTE ACCUMULATES MOST EASILY

TORNADO FLUSH powerfully ejects a stream of water from a spout near the rear of the toilet bowl, which is where waste accumulates most easily, thoroughly cleansing this area and then washing the entire bowl.

TOTO'S UNIQUE RIMLESS DESIGN

The unique RIMLESS design not only leaves no place for waste and germs to hide. It also makes for a much easier to clean toilet.
INTRODUCING A NEW SERIES OF WASHLET+ TOILET AND SEAT SETS.
THE NEW STANDARD OF COMFORT AND CLEANLINESS FOR DAILY LIFE.

Designed for every home, WASHLET®+ is the smart way to introduce the comfort and cleanliness of TOTO technology into your life. Each unit is harmoniously designed with a concealed connection - no visible hoses or cords - making the bathroom a most inviting space. A wide range of sets are available for you to discover.

HOW IT WORKS

WASHLET+ offers a concealed supply connection for seamless installation.
WASHLET®+ RECOMMENDED MODELS

To achieve the best in comfort and hygiene, TOTO recommends these models that deliver the best performance TOTO has to offer. Clean Synergy - combining the best toilet and WASHLET® technologies working together in harmony to set the standard for everyday living.

WASHLET+ TOILETS

www.totousa.com
TOILET TECHNOLOGIES

Our 1G toilets offer substantial water savings without wavering on our renowned performance. Using our powerful — yet surprisingly quiet — gravity-fed, hole-free rim TORNADO FLUSH® technology, 1G fully evacuates the bowl with an ultra-efficient one gallon of water. Combined with the extraordinarily smooth CEFIONTECT® glaze that prevents particulates from adhering to porous ceramic surfaces every inch of your bowl stays cleaner, longer.
