The Neorest 750H is truly a revolutionary innovation at the peak of luxury. The sensor-activated lid opens as you approach the toilet and closes shortly after you leave. The seat provides a radiant heat that you can adjust at any time. The warm water spray with variable temperature and volume settings, also allows you to choose between oscillating or pulsating spray options for a comforting, intimate cleansing experience.
**Actilight™ HOW IT WORKS**

**SPECIAL GLAZE**

The ceramic features a special photocatalytic glaze that is especially durable and hydrophilic. Water easily washes away and eliminates the waste.

**ULTRAVIOLET LIGHT**

Once the toilet lid is closed, the integrated UV light turns on for an hour.

**ACTIVATED OXYGEN**

The interplay of the special glaze and UV light releases activated oxygen, which breaks down waste without attacking the surface – a process that is completely safe for the environment.

**SELF-CLEANING TOILET**

The Actilight function makes the toilet completely self-cleaning. If the toilet is not in use for eight hours, it automatically sprays the bowl with eWater+. After 10 hours, the UV light in the lid switches on.

**NEW NEorest. 750H MS993CUMFX**

- Actilight™ UV light cleaning system built in lid
- Tornado Flush™ system, ultra-high efficiency (1.0GPF/3.8LPF and 0.8GPF/3.0LPF)
- CeFiONtect™ ceramic glaze minimizes debris and mold from sticking to porous, ceramic surfaces
- Washlet® with three wash modes (front, rear, soft)
- Skirted Design – Concealed trapway for easy cleaning
- Auto open/close lid, auto flush
- eWater+® - Electrolyzed water that sanitizes toilet bowl and wand
- Universal Height
- ADA compliant
- Meets WaterSense® efficiency and performance standards

**AVAILABLE COLORS**

- Cotton

Remote (Front View)

Remote (Top View)
Electrolyzed water is a proven disinfectant used in food preparation and cleaning. After each use, TOTO’s eWater+ mists the bowl and wand with electrolyzed water, reducing the need for harsh cleaning chemicals. This feature is included in all Neorest models.

INTERFACE OF THE REMOTE CONTROL IS SUBJECT TO CHANGE.
HOW IT WORKS
Easy and Convenient to Use.

- **OSCILLATE**
  The wand moves back and forth

- **PULSATE**
  Varies the water pressure

- **LIGHT FLUSH**
  A 0.8 gallon flush

- **DRYER**
  Blows warm air to aid drying

- **FULL FLUSH**
  A 1.0 gallon flush

- **SOFTCLOSE® LID**
  Gently opens and closes lid

- **STOP**
  Stops washing or drying

- **REAR / SOFT**
  Water stream with a wider spray and lower pressure

- **FRONT / WIDE**
  Wider stream to cover more area and a lower water pressure

- **PRESSURE**
  Adjusts the water pressure of the stream from the wand

- **POSITION**
  Adjusts the position of the wand forwards or backwards

- **USER**
  Program or select your user settings

A 1.0 gallon flush stops washing or drying.
Gently opens and closes lid.
A 0.8 gallon flush with a wider spray and lower pressure.
Blows warm air to aid drying.
The wand moves back and forth.
Adjusts the position of the wand.
Adjusts the water pressure of the stream.
Program or select your user settings.

**NEOREST.**

**FEATURES**

**SOFTCLOSE® LID**
The SoftClose lid automatically closes gently to eliminate seat slamming.

**HEATED SEAT**
The contoured seat has five temperature settings for maximum comfort.

**SELF-CLEANING WAND**
The self-cleaning function cleans the entire wand with eWater+ before and after each use.

**EWATER+®**
After each use, eWater+ sprays the bowl with electrolyzed water, reducing the need for harsh cleaning chemicals.

**PREMIST™**
Using the incoming water supply, a pre-mist wets the toilet bowl surface aiding in the elimination of waste approximately 80 percent better than a dry bowl.

**DRYER**
Enjoy the ease and comfort of drying with the temperature-adjustable warm-air dryer.

**AUTOMATIC DEODORIZER**
The deodorizer cleans the air around the toilet using powerful filters. Air is drawn in, passing through an ionized carbon filter to eliminate unpleasant odors.
With the touch of a button, a wand extends from under the seat for soothing warm-water cleansing.

**REAR**
The rear spray is designed to clean the rear intimate area. It features pleasant, yet strong water pressure to target this specific area.

**REAR SOFT**
It has a larger radius to cover more space. Low water pressure makes for a soft, comfortable spray.

**FRONT**
The front wash consists of large, soft drops for comfortable intimate cleansing – for a clean, fresh feeling.

**WIDE FRONT**
It has a larger radius to cover more space. Low water pressure makes for a soft, comfortable spray.

</tbody>
</table>
After each flush, TOTO’s eWater+® mists the bowl with electrolyzed water, reducing the need for harsh cleaning chemicals.

UV light combined with a special glaze breaks down dirt and grime in the toilet bowl.

Tornado Flush features a state-of-the-art, hole-free rim design that offers dual-nozzle bowl cleansing, creating a centrifugal rinsing action that cleans the bowl more efficiently.

Previously known as Double Cyclone Flushing Technology.

Previously known as Sanagloss. CeFiONtect glaze prevents visible and invisible waste from sticking to ceramic surfaces, leading to the use of less chemicals and water to clean.

An individually adjustable wand system with self-cleaning function.

Indicates a product featuring an integrated, automatic, sensor activated function. Products like the Neorest, select Washlets, EcoPower Faucets and Flush Valves, Soap Dispensers and Hand Dryers.

Product complies with Americans with Disabilities Act accessibility guidelines.

Universal Height indicates toilets that allow for a more comfortable position across a wide range of users.

The trapway is concealed by smooth porcelain, making the toilet easier to clean.

Products that meet the EPA standards for water efficiency and performance criteria. Toilets are 1.28 GPF or less, faucets are 1.5 GPM, and showers are 2.0 GPM.

Meets California Energy Commission Requirements - Effective 2016

Meets CalGreen Water Regulations for new construction and permitted remodel.
