---

---
The Neorest 750H is truly a revolutionary innovation at the peak of luxury. The sensor-activated lid opens as you approach the toilet and closes shortly after you leave. The seat provides a radiant heat that you can adjust at any time. The warm water spray with variable temperature and volume settings, also allows you to choose between oscillating or pulsating spray options for a comforting, intimate cleansing experience.
Actilight™

**HOW IT WORKS**

**SPECIAL GLAZE**
The ceramic features a special photocatalytic glaze that is especially durable and hydrophilic. Water easily washes away and eliminates the waste.

**ACTIVATED OXYGEN**
The interplay of the special glaze and UV light releases activated oxygen, which breaks down waste without attacking the surface – a process that is completely safe for the environment.

**ULTRAVIOLET LIGHT**
Once the toilet lid is closed, the integrated UV light turns on for an hour.

**SELF-CLEANING TOILET**
The Actilight function makes the toilet completely self-cleaning. If the toilet is not in use for eight hours, it automatically sprays the bowl with eWater+. After 10 hours, the UV light in the lid switches on.

**NEW**

NEOREST. 750H
MS993CUMFX

- Actilight™ UV light cleaning system built in lid
- Tornado Flush™ system, ultra-high efficiency (1.0GPF/3.8LPF and 0.8GPF/3.0LPF)
- CeFiONtect™ ceramic glaze minimizes debris and mold from sticking to porous, ceramic surfaces
- Washlet® with three wash modes (front, rear, soft)
- Skirted Design – Concealed trapway for easy cleaning
- Auto open/close lid, auto flush
- eWater+® - Electrolyzed water that sanitizes toilet bowl and wand
- Universal Height
- ADA compliant
- Meets WaterSense® efficiency and performance standards

**AVAILABLE COLORS**
- #01 Cotton

For more information on dimensions please refer to product spec sheet.

TOTO WASHLET®

The Washlet brings a new, refreshing lifestyle to America. Cleansing with warm water after using the toilet provides an exceptionally clean feeling. The Washlet’s self-cleaning wand is fully adjustable, allowing users to set the precise temperature and spray type for comfortable intimate cleansing.
**CLEANSING FUNCTIONS**

**REAR**
The rear spray is designed to clean the rear intimate area. It features pleasant, yet strong water pressure to target this specific area.

**REAR SOFT**
It has a larger radius to cover more space. Low water pressure makes for a soft, comfortable spray.

**FRONT**
The front wash consists of large, soft drops for comfortable intimate cleansing – for a clean, fresh feeling.

**WIDE FRONT**
It has a larger radius to cover more space. Low water pressure makes for a soft, comfortable spray.
*On Washlet S350e & S300e only

**HYGIENE FUNCTIONS**

**DEODORIZER**
The deodorizer effectively cleans the air around the toilet using powerful filters. Air is drawn in, passing through an ionized carbon filter to eliminate unpleasant odors.

**HEATED SEAT**
The specially designed, contoured seat is heated to provide maximum comfort. An integrated sensor maintains the desired setting between 82°F and 97°F.

**SOFTCLOSE® LID**
The SoftClose lid closes gently to eliminate seat slamming. The S350e & G500 model lids are activated by sensors for automatic opening and closing.

**DRYER**
Enjoy the ease and comfort of drying with the temperature-adjustable warm-air dryer.

**COMFORT FUNCTIONS**

**SELF-CLEANSING WAND**
The self-cleaning function cleans the entire wand before and after each use.

**PREMIST™**
Using the incoming water supply, a pre-mist wets the toilet bowl surface aiding in the elimination of waste approximately 80 percent better than a dry bowl.

**NEW TECHNOLOGY EWATER+®**
Electrolyzed water is a proven disinfectant used in food preparation and cleaning. After each use, TOTO’s eWater+ mists the bowl with electrolyzed water, reducing the need for harsh cleaning chemicals.
*On Washlet S350e & S300e only

**DEODORIZER**
The deodorizer effectively cleans the air around the toilet using powerful filters. Air is drawn in, passing through an ionized carbon filter to eliminate unpleasant odors.

**HEATED SEAT**
The specially designed, contoured seat is heated to provide maximum comfort. An integrated sensor maintains the desired setting between 82°F and 97°F.

**SOFTCLOSE® LID**
The SoftClose lid closes gently to eliminate seat slamming. The S350e & G500 model lids are activated by sensors for automatic opening and closing.

**DRYER**
Enjoy the ease and comfort of drying with the temperature-adjustable warm-air dryer.

For more information on dimensions please refer to product spec sheet.
HOW IT WORKS

**FRONT & REAR CLEANSE FUNCTION**
With the touch of a button, a wand extends from under the seat for soothing warm-water cleansing.

**eWater+ (ELECTROLYZED WATER)**
After eight hours of non-use, eWater+ is automatically sprayed.*

**PREMIST™ (WATER)**
Premist water is sprayed into the bowl.

**WAND SELF-CLEANING**
Wand is cleaned with water.

**eWater+ (ELECTROLYZED WATER)**
Wand and bowl are cleaned with eWater+.*

* eWater+ is available in Washlets S300e & S350e only.
WASHLET®
G500 WITH INTEGRATED TOILET
MS970CEMFG (elongated)

1 Gallon Technology (1.0 GPF)

TOTO’s 1G toilets offer substantial water savings without wavering on our renowned performance. Using our powerful — yet surprisingly quiet — gravity-fed Tornado Flush™ technology, 1G fully evacuates the bowl with an ultra-efficient one gallon of water.

Regular Flush

Tornado Flush

35% Water Savings Per Year

Reduces Water Use by 35% or More on Average over a Standard 1.6 GPF Toilet

TOTO 1G Toilets
5,840 Gallons Used in Flushing
$175 Operation Cost PER YEAR

Standard 1.6 GPF Toilets
9,344 Gallons Used in Flushing
$280 Operation Cost PER YEAR

*The average American flushes five times a day at home. Assuming an average household of 3.2 people over 365 days @ 3¢ per gallon.

ONE-PIECE
TORNADO FLUSH™ TOILETS

TOTO’s industry-leading Tornado Flush system features a state of the art hole-free rim design that creates a powerful whirlpool of water. Combined with the extraordinarily smooth Cefiontect glaze that prevents particulates from adhering to porous, ceramic surfaces every inch of your bowl stays cleaner, longer. Cefiontect’s ion barrier keeps everything clean which leads to fewer chemicals in the environment and less water used for cleaning.

TOTO is globally recognized as the leader in research and development for the bathroom. But we’re not innovating, just for innovation’s sake – our technologies are developed to create bathroom products that not only perform reliably, but conserve water and improve the quality of people’s everyday life too.

1G 1G toilets use the power of gravity to provide the most efficient flush in the industry.

TORNADO FLUSH™ Previously known as Double Cyclone Flushing Technology. Tornado Flush features a state-of-the-art, hole-free rim design that offers dual-nozzle bowl cleansing, creating a centrifugal rinsing action that cleans the bowl more efficiently.

3D TORNADO FLUSH™ Previously known as Dual Max Cyclone. 3D Tornado features three powerful nozzles that create a powerful centrifugal rinsing action and combines it with the conservation of 0.9 or 1.28 GPF.

DUAL-MAX® Dual-Max indicates a dual flushing system that optimizes conservation by allowing you to select either 0.9 or 1.28 GPF and 0.9 or 1.6 GPF.

E-MAX® E-Max indicates high performance, high-efficiency flushing technology using only 1.28 GPF. It features a 3” wide flush valve, large trapway, and extra-large siphon jet.

G-MAX® G-Max indicates a reliable flushing technology with 3” wide flush valve, large trapway, and extra-large siphon jet.

CeFiONtect™ Previously known as Sanagloss. CeFiONtect glaze prevents visible and invisible waste from sticking to ceramic surfaces, leading to the use of less chemicals and water to clean.

ADA Product complies with Americans with Disabilities Act accessibility guidelines.

UNIVERSAL HEIGHT Universal Height indicates toilets that allow for a more comfortable position across a wide range of users.

SKIRTED DESIGN The trapway is concealed by smooth porcelain, making the toilet easier to clean.
Indicates a product featuring an integrated, automatic, sensor activated function. Products like the Neorest, select Washlets, EcoPower Faucets and Flush Valves, Soap Dispensers and Hand Dryers.

AUTO FUNCTIONS

Products that meet the EPA standards for water efficiency and performance criteria. Toilets are 1.28 GPF or less, faucets are 1.5 GPM, and showers are 2.0 GPM.

WATERSENSE

CALGreen

Meets CalGreen Water Regulations for new construction and permitted remodel.
