**ICON GUIDE**

**TOILET**

1G 1G toilets use the power of gravity to provide the most efficient flush in the industry.

DYNAMAX™ TORNADO FLUSH® DYNAMAX indicates a high performance, high-efficiency, powerful flushing technology that uses only 1.0 or 0.8 GPF & 1.28 or 0.8 GPF. It features 2.5” trapway, quiet flush and better line carry.

TORNADO FLUSH® TORNADO FLUSH features a state-of-the-art, hole-free rim design that offers dual-nozzle bowl cleansing, creating a centrifugal rinsing action that cleans the bowl more efficiently.

CEFIONTECT® CEFIONTECT glaze prevents visible and invisible waste from sticking to ceramic surfaces, leading to the use of less chemicals and water to clean.

UNIVERSAL HEIGHT Universal Height indicates toilets that allow for a more comfortable position across a wide range of users.

SKIRTED DESIGN The trapway is concealed by smooth porcelain, making the toilet easier to clean.

**WASHLET**

TOTO WASHLET. WASHLET is an electronic bidet seat that uses warm water cleansing to leave you fresh and rejuvenated. It features a heated seat, adjustable cleansing modes, dryer, deodorizer and much more.

washlet®+ WASHLET and toilet system that is specially designed for a seamless installation.

EWATER+® After each flush, TOTO’s EWATER+ mists the bowl with electrolyzed water, reducing the need for harsh cleaning chemicals.

PREMIST Using the incoming water supply, a PREMIST wets the toilet bowl surface aiding in the elimination of waste approximately 80 percent better than a dry bowl.
GENERAL FEATURES

AUTO FUNCTIONS
Indicates a product featuring an integrated, automatic, sensor activated function. Products like the Neorest, select WASHLET, EcoPower Faucets and Flush Valves, Soap Dispensers and Hand Dryers.

ADA
Product complies with Americans with Disabilities Act accessibility guidelines.

WATERSense
Products that meet the EPA standards for water efficiency and performance criteria. Toilets are 1.28 GPF or less, faucets are 1.5 GPM, and showers are 2.0 GPM.

CEC
Meets California Energy Commission Requirements

CALGreen
Meets CalGreen Water Regulations for new construction and permitted remodel.

GOOD DESIGN
The Good Design Awards is the world’s oldest and most important industrial design program organized annually by the Chicago Athenaeum Museum.
INTRODUCING A NEW SERIES OF WASHLET®+ TOILET AND SEAT SETS.
THE NEW STANDARD OF COMFORT AND CLEANLINESS FOR DAILY LIFE.

Designed for every home, WASHLET+ is the smart way to introduce the comfort and cleanliness of TOTO technology into your life. Each unit is harmoniously designed with a concealed connection — no visible hoses or cords — making the bathroom a most inviting space. A wide range of sets are available for you to discover.

HOW IT WORKS

WASHLET+ offers a concealed supply connection for seamless installation.

CONCEALED CONNECTION

CONVENTIONAL CONNECTION
CLEAN SYNERGY

TOILET TECHNOLOGIES

TORNADO FLUSH

CEFIONTECT

EWATER+
CLEAN SYNERGY
YOUR TOILET APPEARS CLEAN EVERY TIME

Synergy is created when the whole is greater than the sum of its parts. TOTO creates clean synergy by combining toilet technologies that work together in harmony to deliver comfort and cleanliness that is unparalleled.

The new series of WASHLET+ features TOTO technologies to create a clean standard for everyday living.
CEFIONTECT™
ULTRA-SMOOTH CERAMIC GLAZE LEAVES NOWHERE FOR WASTE TO CLING.

Its microscopic surface ridges are far smaller than waste particles, leaving no place for waste to gain a foothold. Extremely durable, CEFIONTECT is designed for enduring beauty and cleanliness.

Eliminating the microscopic gaps where waste hides

Conventional ceramic may appear perfectly smooth to the eyes, but has gaps where waste, mold and bacteria hide. At just one millionth of a millimeter, CEFIONTECT’s surface ridges are much tinier than waste particles.

What makes CEFIONTECT so durable?

Glass layers are burned onto conventional glaze, making CEFIONTECT an extremely durable material.

Water has a strong affinity to CEFIONTECT

Hydrophilic describes organisms and materials that attract water. CEFIONTECT is hydrophilic. Water spreads easily over the toilet bowl, so waste particles easily wash away.
TORNADO FLUSH®
360° CLEANING POWER REACHES EVERY SPOT USING LESS WATER.

TORNADO FLUSH not only cleans more effectively, it does so quietly using less water. Powerful streams of water merge and swirl 360 degrees, washing every spot inside the rimless toilet bowl.

DYNAMAX™ TORNADO FLUSH®
USES 100% OF WATER TO CLEAN AND RINSE BOWL

DYNAMAX combines powerful bowl cleaning and waste evacuation using water that is 100% projected from the rim creating 360° cleaning power. Using only 1.0/0.8 or 1.28/0.8 gallons per flush, coupled with a 25% larger trapway diameter, this high-efficiency system uses 20% less water with improved performance while also creating a quieter flush. With a modern rimless design, it performs more consistently and is easy to clean.

Thoroughly washes where waste accumulates most easily

TORNADO FLUSH powerfully ejects a stream of water from a spout near the rear of the toilet bowl. This is where waste accumulates most easily, thoroughly cleansing the area and then washing the entire bowl.

TOTO’s unique rimless design

The unique rimless design not only leaves no place for waste and germs to hide, it also makes it much easier to clean the toilet.
TOTO TOILET TECHNOLOGIES: CLEAN SYNERGY

Available only on WASHLET S550e, S500e, S350e and S300e
EWATER+®
MISTS THE BOWL WITH ELECTROLYZED WATER, A PROVEN DISINFECTANT, TO KEEP THE BOWL CLEAN WITHOUT HARSH CHEMICALS.

EWATER+ is a type of water that sanitizes the wand and toilet bowl where waste and bacteria tend to accumulate and produce stains that can become permanent.

Using no chemicals or cleaning agents, EWATER+ provides peace of mind every day that microscopic bacteria has no place to hide.

What is EWATER+?

Produced by electrolysis of the chloride ion in tap water, EWATER+ is a highly effective sanitizer. It is completely free of chemicals and cleaning agents. Over time EWATER+ returns to its original state of ordinary water, making it completely environmentally friendly.

</tbody>
</table>

How EWATER+ cleans

PREMIST, a fine mist of ordinary water, is sprayed inside the toilet. Since waste is less able to adhere to a wet surface, it is more easily washed away. EWATER+ is applied to sanitize the wand and toilet bowl and remove waste. EWATER+ is automatically sprayed 8 hours after the last use to inhibit bacterial growth.
CLEANSING FUNCTIONS

REAR SPRAY
REAR SOFT SPRAY
FRONT SPRAY
WIDE FRONT SPRAY
CLEANSING FUNCTIONS
WITH THE TOUCH OF A BUTTON, A WAND EXTENDS FROM UNDER THE SEAT FOR SOOTHING WARM-WATER CLEANSING.

How WASHLET® works

AIR-IN WONDER-WAVE technology is the precise, pleasant, air rich stream that keeps you clean. As water is fired at different speeds, small droplets collide with larger ones, combining and expanding as the droplets fill with more air. The injection of air enlarges water droplets by around 30%.

Select the type of cleansing you desire each time.

REAR SPRAY
The rear spray is designed to clean the rear intimate area. It features pleasant, yet strong water pressure to target this specific area.

REAR SOFT SPRAY
It has a larger radius to cover more area. Lower water pressure makes for a soft, comfortable spray.

FRONT SPRAY
The front wash consists of large, soft drops for comfortable intimate cleansing – for a clean, fresh feeling.

WIDE FRONT SPRAY
It has a larger radius to cover more area. Lower water pressure makes for a soft, comfortable spray.

S550e & S500e Remote Control
HOW THE REMOTE CONTROL WORKS
Easy and Convenient to Use.

NEW
WASHLET® S550e & S500e models

STOP
Stops washing or drying

REAR/SOFT
Water stream with a wider spray and lower pressure

FRONT/WIDE
Wider stream to cover more area and a lower water pressure

DRYER
Blows warm air to aid drying

OSCILLATING
The wand moves back and forth

PULSATING
Varies the water pressure

SELF-CLEANING WAND
Cleans the entire wand with EWATER+® before and after each use.

PRESSURE
Adjusts the water pressure of the stream from the wand

POSITION
Adjusts the position of the wand forwards or backwards

USER
2-user personal memory settings

SEAT OPEN/CLOSE
Gently opens and closes seat

STOP
Stops washing or drying

Interface of the remote control is subject to change.
Bracket available for wall-mounting.
WASHLET® S350e, S300e, C200, & A200 models

**STOP**
Stops washing or drying

**REAR SOFT ON/OFF**
Water stream with a wider spray and lower pressure

**PULSATING**
Varies the water pressure

**PRESSURE**
Adjusts the water pressure of the stream from the wand

**USER**
2-user personal memory settings

**FRONT WIDE ON/OFF**
Wider stream to cover more area and a lower water pressure

**OSCILLATING**
The wand moves back and forth

**POSITION**
Adjusts the position of the wand forwards or backwards

**DRYER**
Blows warm air to aid drying

**SEAT OPEN/CLOSE**
Gently opens and closes seat

*S350e only

*FRONT WIDE ON/OFF function only available on S350e/S300e
wASHLET®+ SELF-CLEANING WAND
This thorough cleaning occurs inside the wand as well as all around the exterior. Even when the toilet is not being used, the wand periodically cleans itself to ensure constant hygienic conditions.

**Self-cleaning inside the mechanism, too**

Sanitizing the wand’s exterior with EWATER+  
Sanitizing all the wand’s interior water passageways with EWATER+

**Easy to wipe clean**

The wand is made of high-quality dirt-resistant resin. Although the SELF-CLEANING WAND maintains sanitary conditions, you will appreciate how easily it wipes clean.
MULTI-FUNCTION
WASHLET® OFFERS AUTOMATED FUNCTIONS THAT KEEP YOUR LIFE CLEAN AND COMFORTABLE.

AUTO OPEN / CLOSE LID
Eliminating the need to touch the toilet surfaces, the lid automatically opens and closes when the toilet is approached and departed.

DEODORIZER
Highly effective deodorizing automatically takes place inside the toilet bowl both during and immediately after use, leaving no disturbing odors.

HEATED SEAT
The toilet seat immediately warms when the toilet is approached, ensuring a warm comfortable seat any time.
